Stay up-to-date with daily news and analysis.

DACIS Advance gives you access to a full range of data on C5ISR programs, contracts, and market players. Its In-depth insights and near real-time updates keep you informed on evolving technologies and market demands.

DACIS Advance is like having your own dedicated C5ISR analyst. Expert commentary offers decisive perspectives on future opportunities and risks in the C5ISR market. Using insights on how government policies and budgets will impact defense projects, you can craft the most competitive position possible.

WHY

Achieve more with DACIS. Click or scan to get your no-charge trial!

Focused intelligence designed to enhance your competitive positioning.

Finding opportunities is just the beginning. Success requires deep insight into both customer needs and competitive landscapes. DACIS Advance supports you throughout the process by providing the clarity that can help you identify and avoid non-viable bids (e.g., due to insufficient funding, entrenched incumbents) while focusing on promising leads.

Expert consolidation and highlighting of important solicitation information, including all documentation, updates, and buyer details, helps you streamline priorities and accelerate opportunity response.

Comprehensive lead information...

From providing data that support your pricing strategies, to top market players, and past performance histories to evaluating teaming partners, DACIS integration is your intelligence foundation.

...that extends the power of your DACIS subscription.

Critical acquisition details, quickly and easily accessed through an integrated and intuitive user interface, can enhance your strategic planning and business development efforts in the competitive and fast-moving C5ISR sector. That's DACIS Advance because when you have great intelligence, you can create decisive outcomes.

Start getting more done for a whole lot less.
