

Unmatched Insights for Unstoppable Growth.

WHAT

DACIS DoD Budget offers a comprehensive view of the defense budget, from overarching trends to project details. Access detailed funding data for Procurement and RDT&E to identify which projects are thriving, discover emerging opportunities, and know competitor positions. DACIS DoD Budget provides:

- Projected Budgets and 20+ years of historical data
- Program-Level Details and spending trends
- Constant Update and configurable alerts

- Line-item budget constructs
- Highly configurable search capabilities
- R-2A, P-3a, P-5, P-40a, and P-18 details
- Record sharing and data exports
- Program justifications and historical data
- Analyze past trends and predict future priorities
- Counter competitor positions and moves
- Drill down into specific funding lines
- Integration across the DACIS platform
- Find and evaluate winning partners

Configurable search delivers program element details.

Structured, searchable line-item insight into Pentagon spending to help you align business strategies with DoD procurement priorities.

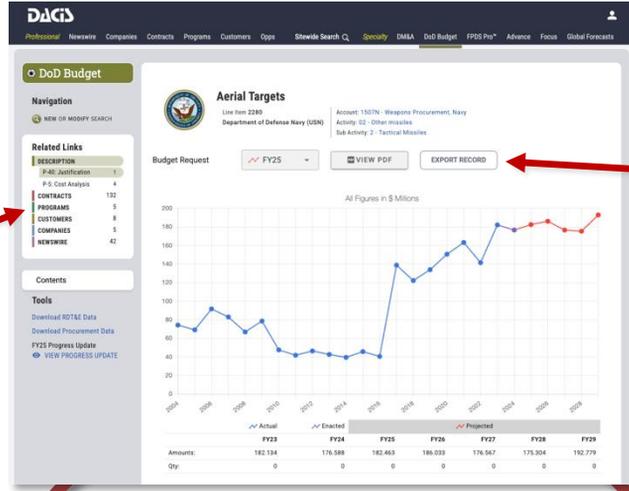

WHY

Achieve more with DACIS. Click or scan to get your no-charge trial!

Because you should work with Pentagon spending, not wrestle with it.

DACIS is designed for all users, not just experts. DACIS DoD Budget provides every user detailed views of R-2A, P-3a, P-5, P-40a, and P-18 spending packed with accurate value breakdowns and analyses. With DoD Budget, your team members get complete line-item details that include current and historical data, activities, attachments, and integrated DACIS links to go deep into all program, contract, company, and opportunity levels.

Program overview and line-item details
