What DoD Budget means

- Fast, effective research
- Timely decision support
- Outworking competition
- Finding proper partners
- Winning more business

Uncover customer needs. Quantify competitor pipelines. Gain procurement advantages.

Use line-item details and extensive research capabilities to outmaneuver competitors and make the most of program spending.

Detailed discovery at the speed of clicks.

Seamless integration with all DACIS modules, DACIS DoD Budget exposes line-item details on all Pentagon spending relative to Research, Development, Test & Evaluation (RDT&E) and Procurement. The result is a constantly updated source of where spending is happening, where trends are occurring, and where opportunities are waiting.

Highly configurable search...

FY	2021	2022	2023	2024	2025	2026	2027
Category	ACTUAL	ENACTED	PROJECTED	PROJECTED	PROJECTED	PROJECTED	PROJECTED
DOD BUDGET	343,961	360,817	292,417	331,273	278,391	474,514	495,999

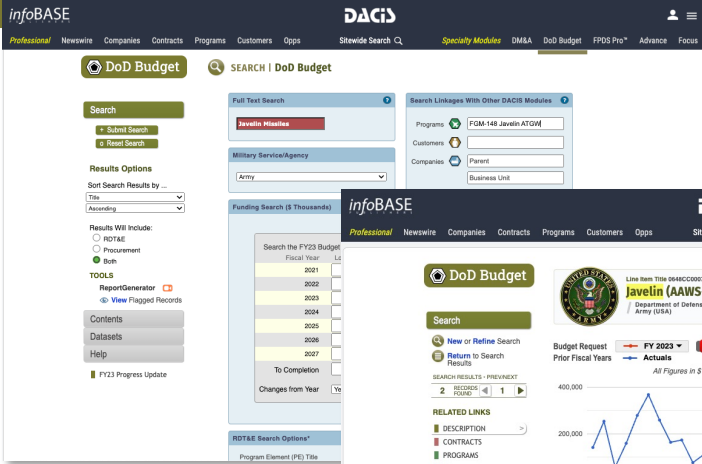

... delivers line-item details and all DACIS linkages.
